ATTACHMENT

TO

ADVISORY ACTION

1. Applicant's arguments filed have been fully considered but they are not persuasive.

The Applicant's request for withdrawal of the finality of the Last Office Action is based on Applicant's acertian that "Amendment A...did not amend Claim 16 substantively to overcome the rejection...based on Dooleage".

However, Original Claim 16, lines 4-5 recited "the ballast tubes being configured to receive fill material solids on their respective inside spaces".

Amended Claim 16 now recites "the ballast tubes <u>having</u> fill material solids <u>in</u> their respective inside spaces".

The amendment to Claim 16 introduced a positive limitation, that overcame the 102(b) rejection, as argued. Hence, the amendment neccesitated a New Grounds of Rejection, as put forth in

Paper 11. Therefore, the finality of the rejection is not withdrawn.
